

SHERIDAN COUNTY CONSERVATION DISTRICT

2023-2024 Seedling Tree Program Order Form

This nursery stock must be used for conservation purposes, not in ornamental or landscape plantings. Plants purchased may not be resold as living plants and are for use in **Sheridan County, WY**. Payment must accompany order. If plants ordered are not available, a substitution or refund can be issued.

Seedlings generally arrive in early May. Due to shipping variability, pickup dates will not be set until we receive shipping confirmation from the nurseries. At that time, we will notify customers via email of pickup dates. Please provide your email below. **Timely pickup of plants is crucial to their survival.**

Please sign to confirm you have read and agree with the above "Conditions of Sale."

PLANT TYPE: DS - DECIDUOUS SHRUB DT - DECIDUOUS TREE CF - CONIFEROUS TREE

Part A: Bare Root Seedlings				
25 per lot. Height 5+ inches. From Lincoln Oakes (ND) and CSFS (CO).				
Species	Type	Price/Lot	# of Lots	Subtotal
Buffaloberry	DS	\$ 45.00		
Caragana	DS	\$ 45.00		
Common Lilac	DS	\$ 45.00		
Golden Currant	DS	\$ 45.00		
Juneberry (Serviceberry)	DS	\$ 45.00		
Nanking Cherry	DS	\$ 45.00		
Native Plum	DS	\$ 45.00		
Redosier Dogwood	DS	\$ 45.00		
Three-Leaf Sumac	DS	\$ 45.00		
Wild Rose	DS	\$ 45.00		
American Linden	DT	\$ 45.00		
Black Walnut	DT	\$ 45.00		
Bur Oak	DT	\$ 45.00		
Chokecherry	DT	\$ 45.00		
Golden Willow	DT	\$ 45.00		
Hackberry	DT	\$ 45.00		
Honeylocust	DT	\$ 45.00		
Manchurian Apricot	DT	\$ 45.00	SOLD OUT	
Plains Cottonwood	DT	\$ 45.00		
Prairie Sky Poplar	DT	\$ 45.00		
Siouxland Cottonwood	DT	\$ 45.00		
Part B: Bare Root Variety Package				
Lots of 25 including five Golden Currant, Native Plum, Three-Leaf Sumac, Wild Rose, & Chokecherry				
Species	Price/Lot	# of Lots	Subtotal	
Bare Root Variety Pkg	\$ 50.00			
Part C: Perennial Pollinator Package (PPP)				
10 cubic inch containers. Piney Island Native Plants (Sheridan, WY). Species include Blanket Flower, Rocky Mountain Penstemon, Smooth Aster, Western Yarrow, and Wild Bergamot (Beebalm).				
Species	Price/Lot	# of Lots	Subtotal	
Half PPP (15 - three of each species)	\$ 65.00			
Full PPP (35 - seven of each species)	\$ 135.00			

Part D: D10 Container Seedlings				
25 per lot. 1.5" diameter x 8.25" deep. OneCanopy (Loveland, CO).				
Species	Type	Price/Lot	# of Lots	Subtotal
Golden Currant	DS	\$ 85.00		
Three-Leaf Sumac	DS	\$ 85.00		
Peachleaf Willow	DT	\$ 85.00		
Lodgepole Pine	CT	\$ 85.00		
Part E: D16 Container Seedlings				
30 per lot. 2" diameter x 7" deep. CSFS Nursery (Fort Collins, CO).				
Species	Type	Price/Lot	# of Lots	Subtotal
Redosier Dogwood	DS	\$ 100.00		
Common Lilac	DS	\$ 100.00		
Aspen	DT	\$ 100.00		
Austrian Pine	CT	\$ 100.00		
Colorado Blue Spruce	CT	\$ 100.00		
Douglas Fir	CT	\$ 100.00		
Engelmann Spruce	CT	\$ 100.00		
Limber Pine	CT	\$ 100.00		
Ponderosa Pine	CT	\$ 100.00		
Rocky Mountain Juniper	CT	\$ 100.00		
Part F: D40 Container Seedlings				
20 per lot. 2.5" diameter x 8.25" deep. CSFS Nursery (Fort Collins, CO).				
Species	Type	Price/Lot	# of Lots	Subtotal
Plains Cottonwood	DT	\$ 110.00

SHERIDAN COUNTY CONSERVATION DISTRICT

2023-2024 Seedling Tree Program Plant Descriptions

Although the species listed have proven adaptable to Wyoming conditions, each species may have limited adaptability to local soils types and conditions.

Visit www.plants.usda.gov for more information on species and planting guides.

Seedlings	Height	Drought Resistance	Cold Hardiness	Growth Rate	Wildlife Value	Other Characteristics
Deciduous Shrubs						
Buffaloberry	3-20'	Good	Excellent	Moderate	Food and cover for small game and songbirds	Edible fruit; forms thickets
Caragana	8-15'	Excellent	Excellent	Rapid	Cover and food for songbirds, upland game	Yellow flowers; groundcover plant binds soil
Common Lilac	8-12'	Very Good	Excellent	Rapid	Cover for songbirds	Fragrant flowers; can form dense barrier
Golden Currant	3-10'	Good	Good	Rapid	Food, browse, and nesting cover	Yellow flowers; edible fruit
Juneberry (Serviceberry)	Up to 8'	Fair	Excellent	Moderate	Big game browse; food for upland game	Showy white flowers; edible fruit; moist soils
Nanking Cherry	Up to 8'	Good	Excellent	Rapid	Song and game birds	White flowers in spring; edible fruit
Native Plum	Up to 15'	Good	Excellent	Rapid	Provides nesting cover and food; browse for hoofed mammals	White flowers; edible fruit; thicket forming
Redosier Dogwood	Up to 8'	Fair	Excellent	Rapid	Grouse, pheasant, turkey, grosbeak, robin	Vivid red fall foliage and stems
Three-Leaf Sumac	2-8'	Excellent	Excellent	Moderate	Food for birds and small mammals; thickets for cover/nesting	Red-orange fall foliage
Wild Rose	Up to 6'	Good	Excellent	Rapid	Big game browse; food for grouse, turkey, pheasant	Showy flowers; native; moist soils
Deciduous Trees						
American Linden	60-80'	Poor	Very Good	Moderate	Pollinators, especially bees. Birds, deer, small mammals	Can tolerate dry soil; pale yellow flowers
Black Walnut	50-70'	Poor	Moderate	Moderate	Birds, foxes, squirrels	Flowers in the spring
Bur Oak	Up to 75'	Excellent	Excellent	Slow	Acorns for birds and mammals	Lifespan 200 + years
Chokecherry	6-20'	Good	Excellent	Rapid	Song and ground birds, small mammals, deer	Yellow orange fall foliage; edible fruit
Golden Willow	30-55'	Poor	Excellent	Rapid	Song, game birds; buds, food for mammals, hoofed browsers	Requires moist soil, can be messy
Hackberry	40-60'	Very Good	Very Good	Moderate	Cover for birds, rabbits, deer; nesting and food for birds	Tolerates alkaline well
Honeylocust	35-75'	Very Good	Very Good	Rapid	Food for deer, squirrels, rabbits; cover for game animals, birds	Hardy; usually thornless
Manchurian Apricot	10-15'	Moderate	Good	Rapid	Nesting for songbirds	Grows best in well-drained, loamy soils
Peachleaf Willow	Up to 40'	Poor	Good	Rapid	Cover and food for songbirds; browse for mammals and hoofed browsers	Requires moist soil, can be messy
Plains Cottonwood	75-100'	Poor	Excellent	Rapid	Nesting and roosting cover	Wyoming state tree
Prairie Sky Poplar	50-80'	Poor	Excellent	Rapid	Low wildlife value	Disease resistant; needs sun and moisture
Siouxland Cottonwood	40-50'	Moderate	Excellent	Rapid	Fair for nesting and roosting; buds provide food for birds	Cottonless, male tree; selected for leaf rust resistance
Coniferous Trees						
Austrian Pine	40-60'	Excellent	Fair	Slow	Seeds eaten by song and ground birds	Forms a good screen or windbreak
Colorado Blue Spruce	60-100'	Fair	Excellent	Slow	Birds, grouse, hoofed and small browsers	Tolerates alkaline soils well
Engelmann Spruce	70-90'	Very Good	Excellent	Slow	Forage for grouse and song birds, deer, and elk	Requires shade
Eastern Red Cedar	10-40'	Excellent	Excellent	Slow	Song and game birds, hoofed browsers	Very adaptable to site conditions
Douglas Fir	70-100'	Good	Excellent	Slow	Forage for song and ground birds, small mammals, elk, and deer	Good for windbreaks and erosion control
Limber Pine	30-60'	Good	Excellent	Slow	Seeds for upland game and songbirds	Hardy with extremely flexible branches
Lodgepole Pine	35-70'	Excellent	Excellent	Slow	Small mammals, birds eat seeds and needles. Browse for big game	Good for high altitude windbreaks
Ponderosa Pine	40-100'	Excellent	Excellent	Moderate	Song and ground birds, small mammals, browsers	Needs well-drained soils
Rocky Mtn. Juniper	15-50'	Excellent	Excellent	Slow	Song and ground birds, large browsing mammals	Excellent alkaline tolerance
Scotch Pine	40-65'	Very Good	Very Good	Rapid	Food for upland game and song birds	Tolerates alkaline
Perennials						
Blanket Flower	8-24"	Y, O, R	June-Sept.	Full sun	Food and cover for bees and butterflies; upland game	Drought tolerant
Rocky Mtn. Penstemon	18-30"	Purple-blue	June-July	Full to part sun	Bees and hummingbirds; deer, antelope, and birds	Semi-evergreen perennial; hardy
Smooth Aster	12-39"	Purple	Aug.-Oct.	Full to part sun	Bees and butterflies; food for songbirds and small mammals	Host plant for Pearl Crescent butterfly
Western Yarrow	12-40"	White	June-Sept.	Full to part sun	Bees and butterflies; food for antelope, deer, upland birds	Highly adaptable; rhizomatous spreader
Wild Bergamot (Beebalm)	12-40"	Purple-pink	June-Sept.	Full to part sun	Bees, butterflies and hummingbirds	Edible; medicinal uses; deer resistant
